

You, Your Pet and Pet Partners. **THE PERFECT MATCH.**

REGISTERING AS A THERAPY ANIMAL TEAM

You care about the human-animal bond. So do we. Take a step to make a meaningful impact on your community by becoming a therapy animal team with Pet Partners. To become a volunteer therapy animal team, you and your animal will need to complete a registration. Team registration is the process you will go through to demonstrate that you and your animal are suitable and prepared for therapy animal work.

Take the online quiz to see if your pet is right for therapy work, and get started today!

Join the organization promising the best therapy animal teams, over 15,000 and growing, with the highest credentials.

YOUR PET IS TOO PERFECT NOT TO SHARE

Therapy animal work is a rewarding experience. As a therapy animal team you will:

- Share the animal you love with others
- Have an activity to do with your animal
- Have a sense of purpose
- Give back to your community

"While on a vacation, the young tour director approached me and pointing to the Pet Partners patch on my jacket said, "I know what you do." She went on to explain that her young son was very ill and while physically improving, she feared that they were losing him to depression. Nothing helped until a therapy dog team appeared at the door one morning and asked to visit. Within 10 minutes the dog was in the bed and the child was laughing and giggling. Then she so sweetly said to me, "so I know what you do — you saved my son's life."
